Useful Contacts

As a newly accepted student, you probably have many questions. Here are some places you can go for answers.

General Information

Drexel at BCC Admissions

1-866-644-3795 • bccenroll@drexel.edu
www.drexel.edu/bcc

Academics

Academic Advising

www.drexel.edu/bcc/academics/advisors

Billing Questions

Office of the Bursar

215-895-1445
http://ask.drexel.edu • www.drexel.edu/bursar

Financing Questions

EdFinancial Services*

1-877-DREXEL-5 • **http://ask.drexel.edu**

*EdFinancial Services provides a call center with trained staff to answer questions about paying for a college education. The staff at the call center are not Drexel employees but are employed by EdFinancial Services. Drexel pays EdFinancial Services an annual fee for this service. They are required to give all students independent, expert advice about paying for a college education.

DREXEL UNIVERSITY

AT BURLINGTON COUNTY COLLEGE

Your journey begins today.

Drexel is a leader in transfer education. We understand that by the time you're ready to enroll in your Drexel at BCC program, you have a good idea where you want to go. Our job is to help you get there. Whether you're planning on majoring in Hospitality Management or Computer Engineering, studying full-time or part-time, we provide a practical, career-oriented education, both in class and out.

A number of our programs include co-op experiences. If the program you've chosen is one of them, you'll gain from six to 12 months of professional experience in your field. It's great preparation for your career, and a chance to build your résumé before you even graduate.

As a Drexel student at BCC, your options are unique and your possibilities are endless.

Your academic community

Through Drexel at BCC, you aren't just a Drexel student. You're also a member of the college through which your program is offered. This gives you access to all of the research, professional development, and networking opportunities that college provides.

Majors by College

Arts and Sciences

- Biological Sciences

Engineering

- Computer Engineering
- Computer Science
- Electrical Engineering
- Mechanical Engineering

Professional Studies

- Computing and Security Technology
- Construction Management
- Culinary Arts
- Engineering Technology
- Hospitality Management

Learn more about your major and your college at **www.drexel.edu/bcc/academics**.

Campus Life

In the same way that you get the best of all worlds academically, you also get the best of both campuses. Drexel at BCC students are eligible for all Drexel campus activities and organizations (with the exception of NCAA Division I athletics and Greek life), as well as all those offered by Burlington County College.

At Drexel that means:

- More than 300 student clubs and organizations offering everything from professional networking opportunities to the chance to publish your poetry.
- Enhanced programs like the Baiada Center for Entrepreneurship, which provides resources for future business leaders, and RePlay, Drexel's collaborative computer gaming lab.
- Cultural events like big-name concerts and comedy shows, dance and theater performances, and pretty much anything else you can imagine from a big school in a big city.

At Burlington County College you'll find:

- Facilities designed with commuter students in mind. When you don't have a dorm room to go back to between classes, it's nice to have access to lounges with plasma-screen TVs, pool tables, and snack options.
- Off-campus field trips to cities throughout the region for major cultural events at big discounts.
- On-campus events offering everything from student clubs to laser tag to drive-in movies.

The co-op experience

Six of our majors participate in Drexel Co-op (see the table on the facing page). This is a renowned program that allows students to work for six-month periods in the process of earning their degrees. Co-ops are not internships — they're full-time professional positions that provide real career experience in the field of your major. By the time you graduate you'll have a résumé that will make you the envy of your peers.

You can choose from over 1,200 employers in 35 states and 35 international locations. Recent Drexel students have completed co-ops with companies including Lockheed Martin, GlaxoSmithKline, and Microsoft.

Co-op Preparation

The idea of choosing from among hundreds of potential co-ops in locations ranging from South Jersey to India might seem overwhelming, but we've got you covered. Through Drexel's Steinbright Career Development Center, all co-op students take Co-op 101, a course that provides information on all steps of the job process, from résumé writing to interviewing. You'll also have access to advising and workshops to give you an insider's edge.

Career Advising

Drexel at BCC students can meet with a Career Services Coordinator at our Mount Laurel campus during open office hours, held at least once a week during each academic term. Services include:

- Personalized résumé development and critiques
- One-on-one interview preparation guidance and mock interviews
- Customized job search and internship search assistance

Also, take advantage of in-person and virtual workshops conducted throughout the year covering topics such as résumé writing, interviewing, and job searching.

Drexel Co-op Cycle
