## EVENT SERVICES TEAM

Dana Brown, Gillian Telford,  
Niki Ververelli, and Christopher Weir

Event Services works tirelessly to support Drexel's 200+ recognized student organizations by assisting them with every aspect of their event planning from start to finish, leaving no detail uncovered.

This team goes above and beyond to support all student organizations by giving extra effort and attention when needed, and helping organizations find solutions to challenges when they arise.

Event Services works collaboratively with the Office of Campus Activities to ensure that student organizations are educated and aware of all updated policies and procedures regarding facilities, catering, DUST/IMS, public safety, and all general event planning protocol.

Student Life and the Office of  
Campus Activities are pleased to  
honor and recognize the  
achievements of our student  
leaders and student organizations  
at Drexel University!
