JUNE 2009

## JACKELYN ELIASSEN

Director of Retail Management

Jackie interacts with student organizations and leaders often in her role, as she educates students about food policies, and assists students with how to best access the University's catering services.

Jackie assists many student organizations with receiving "free" Coke products and drinks for a wide variety of campus-wide events.

Jackie works with the Office of Campus Activities to ensure that student organizations can work with non-Drexel food vendors for items such as pizza, water ice, and pretzels.

Student Life and the Office of  
Campus Activities are pleased to  
honor and recognize the  
achievements of our student  
leaders and student organizations  
at Drexel University!
