

Drexel University College of Nursing and Health Professions MSN Mobile Technology Guidelines

All students enrolled in the MSN program must have a mobile device such as a personal digital device (PDA) or a Smartphone available for use during the program. These devices must meet the specifications below. If you are purchasing a new device, be sure it meets the specifications listed below:

Program	Device Specifications	Memory Requirements
<ul style="list-style-type: none"> Clinical Trials Research Nursing Education and Faculty Role Innov/Intra Entrepreneurship Advanced Practice Nursing Leadership in Health Systems Management Nurse Anesthesia 	<ul style="list-style-type: none"> Palm – Devices running Palm OS 5 and higher. For example:, Palm m700 series, Treo series, Tungsten series, and Zire series Pocket PC – Devices running Microsoft Windows Mobile 5.0 or higher, PocketPC 2003, or PocketPC 2003 CE. Windows Smartphone (5.0 or higher) BlackBerry – Devices running OS 4.1 and higher iPhone and iPod Touch 	<p>Students are required to have devices that have expandable memory slots to accommodate addition of new programs/eResources added while in the program.¹</p> <p>Required minimum:</p> <ul style="list-style-type: none"> Palm, Blackberry and Pocket PC/Windows Mobile: 1 GB (preferably more) <p>These devices do not have expandable memory but have sufficient built-in memory.</p> <ul style="list-style-type: none"> iPod Touch: 16 GB iPhone: 4 GB
<ul style="list-style-type: none"> Acute Care NP Family NP Primary Care Pediatric NP Psychiatric Mental Health NP Women's Health NP Clinical Nurse Leader in Adult Health 	<ul style="list-style-type: none"> Palm – devices that are v3.1 and higher Pocket PC – Devices running Microsoft Windows Mobile 5.0 or higher, PocketPC 2003, or PocketPC 2003 CE. Windows Mobile 6 devices (but only those with a touch screen) <p><u>Currently being tested (will likely be available 12/09²)</u></p> <ul style="list-style-type: none"> Blackberry iPhone/iTouch 	<p>Required minimum:</p> <ul style="list-style-type: none"> Palm and Pocket PC/Windows Mobile: devices: 1 GB (preferably more) <p>All students enrolled in these programs will be using E*Value³ to track patient encounters and therefore can only use the compatible devices listed to the left. In addition, E*Value requires 2GB of free memory on the device to function properly so students are required to select a device that has an expandable memory capacity to accommodate installation additional programs and applications.</p>

¹ In addition, you may consider other built-in features the device offers such as mobile office products (word, excel, ppt, etc) when making your final selection. If you have a question prior to purchasing, please send an email to: TechInfo@drexel.edu

² Please contact TechInfo@drexel.edu for updates re: compatible devices.

³ E*Value is a comprehensive web and PDA-based patient encounter tracking system used by Drexel University College of Nursing and Health Professions.
