

DirectLink® +Plus/Concur Cliqbook Travel

New User Interface (UI)

The enhanced UI was designed to improve the user experience in many ways, including increased usability, improved filtering, and more search results.

Using the wizard

This document provides the basics for getting started with the new DirectLink® +Plus/Concur Cliqbook Travel user interface - and points out the new features and enhancements. It is not intended to be a full-featured user guide.

In this sample, we will use the wizard to book a flight, car, and hotel.

Keep the following in mind - Some of the options you see here may not be available to you; you may have options not shown here.

The screenshot displays the DirectLink +Plus web application interface. At the top left is the logo with the text "Directravel How smart people travel." Below the logo is a navigation bar with tabs: Office, Travel, Reporting, Administration, Profile, Help, and Log Out. A secondary navigation bar includes Home, Arrangers, Trip Library, Templates, Meetings, Meeting Admin, Policy, Profile, and Tools. On the right, it says "You are administering travel for: Me" with a dropdown arrow. Below the navigation is a "Company Notes" section with tabs for Travel Map, Upcoming Trips, and Trips Awaiting Approval. The main content area is titled "WELCOME TO DirectLink® +Plus" and contains two sections: "Getting Started:" and "Booking Travel:". The "Getting Started:" section lists four bullet points: 1. Complete travel profile by clicking the Profile link. 2. Note you cannot book travel without a completed profile (name, address, credit card). 3. Ensure full name matches identification to avoid delays. 4. Keep personal profile up-to-date, matching frequent flyer numbers to government ID. The "Booking Travel:" section lists three bullet points: 1. Use DirectLink +Plus for domestic air, hotel, and car reservations. 2. Contact Travel Assistance for multiple-segment or international trips. 3. Note that cancellations and changes to airline reservations must be called into an agent. At the bottom of the welcome message, it provides contact information for technical support: "Product or Technical Problems: Contact DirectLink® +Plus Technical Support, Phone - 800-999-7939, Email - dlsupport@dt.com". On the left side of the screenshot, a "Travel" wizard is visible. It has tabs for Flight, Car, Hotel, Rail, Flight Status, and Dining. The "Flight" tab is active, showing options for Round Trip, One Way, and Multi-Segment. The "Departure City" is set to "EWR - Newark Intl Arpt - Newark, NJ". The "Arrival City" is empty. The "Departure" section shows a time of 9:00am with a ±4 dropdown. The "Return" section shows a time of 5:00pm with a ±4 dropdown. There are checkboxes for "Pick-up/Drop-off car at airport", "Find a Hotel", "Specify airline", and "Refundable only air fares". At the bottom, it says "Search flights by: Price (selected) or Schedule" and has a "Search" button.

Use the wizard on the Travel Tab or on the My Concur tab (if you use Concur Travel and Expense).

WELCOME TO DirectLink® +Plus
