(Chair/Supervising Professor)	

The student has been informed that his/her progress is considered to be:

Select one option: □ Satisfactory □ Unsatisfactory

and the Dissertation Committee recommends the following action (select one option):

□ The committee judges the student's performance to be satisfactory and thus recommends that the student be allowed to continue in the program.

□ The committee judges the student's performance to be unsatisfactory but that it had redeeming features. It recommends that the student be allowed to continue in the program subject to closer supervision and another review within 6 months.

□ The committee judges the student's performance to be unsatisfactory, and this being at least the second such instance, recommends termination at the end of the quarter.
