Office of Graduate Studies

Application for Readmission to a Graduate Program

Graduate students who have not been enrolled for more than four continuous terms must seek readmission to the University to resume their studies. Master's level students can request readmission from their departmental graduate advisor. Doctoral students request readmission from their graduate advisor and their supervising professor (if one was appointed). The Office of Graduate Studies then makes the final approval. **Applications for readmission must be received by the Graduate Studies Office at least four weeks prior to the beginning of the term for which readmission is desired.** *F1 or J1 visa holders must obtain a new I-20 or DS-2019 from the International Students and Scholar Services upon transfer to a new program; forward a copy of this form with approvals to the ISSS office.*
