

CULINARY SCIENCE

The Bachelor of Science in Culinary Science combines the creative spirit of the culinary arts with the technical and scientific expertise of the food scientist. Combining courses in culinary arts, hospitality management, and food science, the program includes a strong base in the basic sciences. Students also receive a minor in business administration as well as completing the first year of foundation courses required for any accredited MBA degree. This incentive allows students to continue their education by taking advantage of many one-year MBA programs currently offered throughout the United States.

Employers who have hired a Drexel student include:

Campbell Soup Company
David Michael and Company
Dietz and Watson
Hershey Foods Corporation
Keystone Foods Corporation
Pinnacle Foods Corporation
Ready Pac Missa Bay
Victory Brewing Company

Students wanting specific information about the major are encouraged to stop by the department office at 3001 Market Street, call the department at 215-895-2159, or visit their website at <http://www.drexel.edu/academics/goodwin/advisor/contact.asp>.
