

INFORMATION TECHNOLOGY

The Bachelor of Science in Information Technology is offered as both a five-year and a four- year co-op program. In addition to the core coursework, the major includes twelve credits towards a minor in business. Only twelve additional credits would be required to complete a minor in business. The major is aimed at students who want a degree focused on applied information technology with an emphasis on IT infrastructure, rather than applications in business.

Students wanting specific information about the major are encouraged to stop by the department office at room 306 of the Rush Building, call the department at 215-895-2474 or visit their website at <http://www.ischool.drexel.edu>.

Employers who have hired Drexel students include:

Arkema Inc.
Cigna Corporation
Comcast Corporation
Exelon Corporation
GlaxoSmithKline
Philadelphia Water Department
PJM Interconnection
Razorfish
SAP America
Susquehanna International Group
