Equal Opportunity Policy

It is the policy of Drexel University to provide a working and learning environment in which employees and students are able to realize their full potential as productive members of the Drexel community. To this end, Drexel affirms its commitment to equal opportunity and nondiscrimination in employment and education for all qualified individuals regardless of race, religion, gender, gender identity or expression, color, national origin, sex, age, sexual orientation, disability, or applicable veteran status. Further, Drexel pledges to act affirmatively in providing access to employment, benefits, facilities, and other University-administered programs to qualified women and members of racial and ethnic minority groups in recognition of the many benefits that accrue to the University and the learning experience as a result of their diverse experiences, cultural heritage, and perspectives. Every member of Drexel — employee, administrator, faculty, staff, and student — is expected to cooperate fully in meeting these legal and ethical obligations. WELCOME TO DREXEL UNIVERSITY

Whether you will be a resident or commuter at Drexel, we are excited to welcome you to campus. There are many on-campus resources to help you get involved and ensure you are enjoying your time as a New Dragon. Residents can look forward to support from Housing and Residence Life teams. Commuters will enjoy the benefits of Commuter Student Resources, including a special lounge for connecting with fellow commuters, and helpful tips about parking and transportation.

HOUSING AND RESIDENCE LIFE

The entire Housing and Residence Life staff welcomes you to your new home. Living on campus adds an extra dimension to your college experience. It provides an opportunity to develop closer relationships, meet a diverse group of people, and learn more about yourself.

As an on-campus resident, you (along with the other 3,400 or so residents living on campus) will enjoy many residence hall activities, socializing in the dining hall, and participating fully in University events, clubs, and organizations. This guide will tell you more about the services we offer and the opportunities that await you here in the residence halls. For more detailed information, go to drexel.edu/housing.

Our Mission

The mission of Housing and Residence Life is to create residential communities that facilitate engaged learning for all students while providing an efficient, student-oriented, and cost-effective housing operation through appropriate technology, timely communication, and established partnerships. The core values that shape the residential experience are community, learning, citizenship, and inclusion.

Promoting Learning Communities

Learning communities strive to help you connect classroom activities with residence hall experiences, enhance your self-understanding, and develop the skills necessary to build productive, enriching relationships. Our communities are built on residents' respect for each other's rights, respect of the facilities, and the recognition that living on campus is a privilege that can truly maximize one's development. The staff, residents, and programs must work together toward this goal.

Fostering Respect

Residents have community and professional responsibilities within the residential living partnership. Community responsibilities challenge residents to learn how to respect others and live within a community along with ethical responsibilities that require residents to work continuously to define, develop, and act upon their personal values and belief systems. Professional responsibilities motivate residents to develop skills that make them academically successful while also developing a keen awareness of the world. The residence halls offer a unique experience that enables our students to meet, live, and grow with people of different backgrounds, interests, ideas, and goals. Learning from roommates and others in your residence hall provides academic and personal growth opportunities that complement the classroom experience shared by all Drexel students.

Forming Partnerships

The success of Housing and Residence Life depends on the partnerships developed among students, faculty, and professional staff. Our trained staff works closely with students to cultivate an environment that strives to embrace everyone, enhance academic success, encourage responsibility, and — above all — promote community involvement.

Getting to Know Us

The full-time professional staff oversee the operations of the entire residence hall experience. They are responsible for the management and operation of our residential program. This staff includes:

- **Resident Directors (RDs)** are master's-level professionals who live in the residence halls and are responsible for maintaining a positive social and academic environment. RDs supervise the professional and student staff in each building and work to facilitate community.
- **Resident Assistants (RAs)** are specially trained upperclass students who live in each residence hall, provide residents with educational programs and social activities, maintain community standards, and serve as mentors to the residents.
- **Residential Desk Coordinators (RDCs)** are professionals who staff the front desks of each hall. They maintain the safety and security of the building and encourage community by getting to know residents on a personal level.

Getting Involved

Students in each hall are involved in all levels of that hall's governing process, as well as in the presentation of educational and social programs.

With the help of their RA, students can plan activities such as community dinners, TV socials, outings across the city, and educational programs on topics such as stress management, relationships, social justice, and safety and security.

In addition to activities planned within the residence halls, the Housing and Residence Life staff work closely with Student Life and student programming groups to provide residents with a variety of co-curricular activities that assist in their development and adjustment to campus life.

Living Learning Communities

In Living Learning Communities (LLCs), students live with other students from the same college or major, making it easier to form study groups or project teams. These communities can enhance your academic success by building connections between your experiences inside and outside the classroom, facilitating social and academic gatherings, and supplementing formal classroom learning with informal gatherings and ongoing lecture series.

Living Learning Communities are not mandatory, and space is limited. Students participating in an LLC will only be eligible to live with other students participating within that LLC. Note that transfer students are not eligible. More detailed information is available at drexel.edu/housing/llc. Past learning communities have included:

- Business
- Biomedical Engineering
- Civic Engagement
- Computing and Informatics
- Engineering
- First-Year Exploratory Studies
- Global Citizen
- Honors
- Liberty Scholars
- Nursing and Health Professions

Two-Year Residency Program

To facilitate this experience, incoming full-time first-year undergraduate students whose permanent address, as stated in their official University Record, is approximately outside of a 10-mile radius of the University City Campus are required to live in a Drexel Residence Hall for their first year and in a Drexel Residence Hall or University-Affiliated Housing for their second year. A full listing of ZIP codes approximately within a 10-mile radius is available at drexel.edu/housing/2yrp. Please note that incoming transfer students do not need to meet this mandatory residency requirement but are still welcome to apply for on-campus housing.

Housing Agreement

The Housing Agreement is the basic contract governing the relationship between a resident and Drexel that represents a binding two-way commitment. Residents agree to use facilities and services in a manner appropriate to Drexel's purpose as a private institution of higher education. Before signing the housing application, residents must read the Housing Agreement at drexel.edu/housing/agreement in its entirety.

Canceling the Housing Agreement

These preapproved reasons for release from the Housing Agreement are honored provided a Request for Release is received within five business days of the event:

- Withdrawal from the University
- Acceptance of a co-op position outside a 10-mile radius of University City Campus
- Acceptance of a study abroad assignment
- Not attending Drexel University
- Not taking classes during a specific time
- Leasing with American Campus Communities
- Approved University Exemption

Please review the Housing Agreement form for more details.

Rates

Rates are published in March. Please visit drexel.edu/drexelcentral/cost/housing for more information, including rates for the current academic year.

Housing Deposit

A housing deposit is required each year when the student applies for housing and is automatically credited to the resident's account at the end of their last term in housing provided all contractual agreements are fulfilled. Visit drexel.edu/housing/deposit for more information.

Room Assignments

- Priority will be given to completed applications received by May 15. A completed application includes the \$200 housing deposit.
- Housing for transfer students is available on a space-available basis.
- If a student wants a specific roommate, both students must indicate this in the appropriate section of the housing application (although it is not guaranteed).
- Incoming first-year students who complete their housing application prior to May 15 will have the opportunity to select their own residence hall and room online in a process called self-selection.

Personal Property Insurance

- Drexel is not responsible for personal property.
- Residents are strongly advised to secure personal property insurance, renter's insurance, or homeowner's insurance to cover their personal items while living in the residence halls.

DragonCard

The DragonCard is the official Drexel University ID card. Residents gain access to residence halls with this card, which is scanned by staff members at the reception desk. Students may also use their DragonCard to:

- Make purchases at campus stores as well as many local restaurants and retailers using DragonDollars.
- Enter campus facilities such as the Daskalakis Athletic Center and the libraries.
- Gain access to dining services.

Visit drexel.edu/dragoncard to submit your photo online.

Frequently Asked Questions

How do I apply for housing?

Housing applications will open mid-March and online room selection is in June.

Visit drexel.edu/housing/apply for instructions on how to submit your housing deposit and application. Applications and housing deposits must be received by May 15 for priority room assignment consideration. Resident students will receive move-in information in August.

How can I find my room assignment and roommate?

New first-year student room assignments, roommate names, and contact information are available in the Housing and Dining portal, which is accessible via DrexelOne.

Can I change my room assignment or roommate?

Yes, but only after the first two weeks of the term. Changes are not made until this time so that Housing and Residence Life can verify the occupancy status of all residents. Students requesting a room change should work with their Resident Assistant to see if a change is in the best interest of all students involved. Staff members work with students to provide a safe and enjoyable “home away from home.”

What if I do not get along with my roommate?

Housing and Residence Life staff are trained to assist students if there are roommate conflicts. We recommend that both roommates talk about their problems and concerns and determine what, if any, compromises are needed. Effective communication between roommates is critical. Living with someone new and different from yourself can be a wonderfully rewarding and challenging learning experience.

What if my roommate does not arrive?

If a new student does not arrive for the first term, Housing and Residence Life will contact that student to confirm whether they intend to attend Drexel. If the answer is no, a new roommate may be assigned to the room.

When can I move in?

Detailed check-in information, including dates and times, will be sent to your Drexel email account in mid-August.

How do I obtain housing after my first year?

Drexel University's 2-Year Residency Program requires full-time undergraduate students whose permanent address, as stated in their official University Record, is approximately outside of a 10-mile radius of the University City Campus to live in a Drexel Residence Hall for their first year and in a Drexel Residence Hall or University-Affiliated Housing for their second year. A full listing of ZIP codes approximately within a 10-mile radius is available at drexel.edu/housing/2yrp.

What is a Living Learning Community?

Living Learning Communities are available to first-year students who are enrolled in certain colleges, schools, and programs and offer the opportunity to live with other students from the same program, making it easier to form study groups or project teams. Each community is assigned to a specific area in the residence hall with a central common area, and they organize their own social and academic activities, from informal gatherings to ongoing lecture series.

How do I request an accommodation?

All requests for reasonable accommodations in the residence halls due to a disability need to be made to the Disability Resources office by May 15. Disability Resources can be reached at 215.895.1401 (V), 215.895.2299 (TTY), or at disability@drexel.edu.

CAMPUS DINING

Drexel University believes that dining on campus plays an important role in fostering a sense of community. Drexel Campus Dining developed a dining program that reflects the diversity and spirit of our students. As first-year students living in University housing, Drexel wants to make your transition to college life a smooth and rewarding experience. The University requires all resident first-year students to select one of three all-access dining plans. There are additional flexible and convenient dining plans to choose from, available for transfer, commuter, and continuing students.

Registration

All first-year residential students will select a dining plan via the Housing and Dining portal through DrexelOne.

Dining Plans

Each plan consists of meals and dining dollars. Meals, called “meal swipes,” may be enjoyed “all-you-care-to-eat” at the Handschumacher Dining Center or at the Urban Eatery, with both featuring seven unique dining options. Dining Dollars can be used at all Drexel Campus Dining locations, including Northside Dining Terrace (featuring Chick-fil-A, Local Restaurant Row, and The Market), Starbucks (at Gerri C. LeBow Hall), The Cafe at PCJL (at the Raymond G. Perelman Center for Jewish Life), Pret A Manger (at The Summit), and The Cafe at HSB (at the Health Sciences Building).

For more information about dining plans, including rate information and locations, visit drexel.edu/dining.

Special Dietary Requests

Drexel Campus Dining provides an array of food options to accommodate a variety of lifestyles, dietary needs, and restrictions, including vegan/vegetarian, kosher, and gluten-free. Students seeking a dining waiver or meal plan accommodation due to a documented disability should contact the Office of Disability Resources at 215.895.1401 or disability@drexel.edu. The Campus Dining Dietitian is available at drexelrd@drexel.edu to assist with any diet-related inquiries or nutritional concerns.

DragonCard

The DragonCard is the official ID card of Drexel University. In addition to gaining access to buildings on campus, you will use your card to access your Drexel dining plan. Simply present your DragonCard to the cashier for payment at Drexel Campus Dining locations and specify if you wish to use a meal swipe or Dining Dollars. An updated balance is provided each time a purchase is made. Learn more at drexel.edu/dragoncard.
