

# TECHNOLOGY AND PROFESSIONAL STUDIES

## Goodwin College School of Technology and Professional Studies

The technology and professional studies at Drexel cover a range of majors for students with diverse interests. All of these majors share a strong research component and most offer Drexel Co-op. Graduates are well prepared for both graduate school and the workforce.

With a degree from Drexel's Goodwin School of Technology and Professional Studies, you might choose to enter fields like:

- Sports marketing and corporate event planning
- Hotel, casino, or tourism management
- Food research or food product development
- Real estate
- Restaurant management and ownership

## Technology and Professional Studies Majors

- Engineering Technology
  - Biomedical Engineering Technology
  - Electrical Engineering Technology
  - Industrial Engineering Technology
  - Mechanical Engineering Technology
- Construction Management
  - Concentration in Real Estate
- Culinary Arts
- Culinary Science
- Hospitality Management
- Sport Management

### **Drexel Co-op: Knowledge at Work**

Classroom learning and research are all critical to academic pursuits, but experience in your field can really make you stand out. With Drexel Co-op, you can gain up to 18 months of résumé-enhancing experience by the time you receive your degree.

Drexel's technology and professional studies students have recently completed co-ops with:

- Le Bec-Fin
- Four Seasons Hotel
- NFL Films
- Philadelphia Eagles
- The Boeing Company
- Lockheed Martin

### **Resources: The Classroom and Beyond**

At Drexel you will start your education in the classroom, but your experiences certainly won't end there. Here are some of the resources and opportunities available to students:

- **Academic Bistro:** At this student-run restaurant, Culinary Arts, Culinary Science, and Hospitality Management majors prepare, serve, and manage day-to-day operations.
- **Sport Management Student Union:** Through this organization students network and learn about new career opportunities.
- **Engineering Technology Labs** (including the state-of-the-art nondestructive evaluation lab): Gain hands-on experience in areas such as 3D design and process, electrical engineering and electronics, and robotics and mechatronics, among others.

- **Construction Management Association of America (CMAA):** Drexel's chapter of CMAA offers students opportunities to network with industry professionals, attend events, and obtain scholarships.

### **Enhanced Options: Go Further, Faster**

Beyond our more than 70 majors and our innovative co-op options, Drexel offers a number of ways to enhance your academic experience, including:

- Accelerated degree programs that include BS/MS, BS/MD, BS/MBA, and BS/JD degrees
- The Pennoni Honors College, open to qualified students from all Drexel majors
- Opportunities for both study and co-op abroad

### **Campus Life: Make Yourself at Home**

Drexel's residence halls are very popular stops on campus tours. Probably because prospective students know that a residence hall is more than just a place to sleep. Our residence halls offer either standard rooms or suites; they all have plenty of space for studying and socializing; and many provide optional Learning Communities, which allow students with similar interests to live in close proximity.

Student activities are another great way to meet new people and stay active on campus. At Drexel, students have many options to choose from, starting with:

- More than 220 cultural, media, service, and professional organizations
- Performing arts groups, such as dance, music, and theater, which are open to all students regardless of major
- Varsity, club, and intramural sports teams

## Philadelphia: Expect the Unexpected

Philadelphia is the nation's fifth largest city. It's renowned for its historical sites and as a hub of the pharmaceutical, electronics, and finance industries. The city is home to first-class museums, theaters, shopping, dining, and nightlife, as well as major league sports and the nation's largest urban park system. Check out some of the ways Drexel can help you explore.

- **Cultural Passport:** This program gives you free access to museums, performance venues, and cultural events throughout the city.
- **Lindy Center for Civic Engagement (CCE):** All Drexel students are required to participate in service. The resources of the CCE will connect you with your community.
- **Region-Specific Courses:** One of the advantages to living in a historic and global city is that there's so much to study right outside your front door. Region-specific courses combine academic rigor with real-world discovery through local research trips.

## Degree Programs: Choose Your Own Adventure

### • **Engineering Technology**

Designed to provide a basis for students who plan to pursue careers in a variety of design, production, and service-related positions.

#### *Concentration areas*

- Biomedical Engineering Technology
- Electrical Engineering Technology
- Industrial Engineering Technology
- Mechanical Engineering Technology

### • **Construction Management**

Prepares students for all phases of operation and management of the construction organization including cost estimation, project scheduling, and planning.

#### *Concentration areas*

- Real Estate

### • **Culinary Arts**

This program prepares students to become chefs and hold other leadership positions in the hospitality industry.

### • **Culinary Science**

Combines the creative spirit of the culinary arts with the technical and scientific expertise of a food scientist.

### • **Hospitality Management**

Provides the foundation that allows students to gain leadership positions in the food service, tourism, and lodging industries.

### • **Sport Management**

Designed for students who wish to pursue careers in sport-oriented organizations such as law, media, marketing, and business.

## Undergraduate Programs

Over 70 full-time programs

### Colleges and Schools

- Business
- Education
- Engineering
- Information Science and Technology
- Law
- Media Arts & Design
- Medicine
- Nursing and Health Professions
- Pennoni Honors College
- Public Health
- Technology and Professional Studies

## Financial Aid and Scholarships

Your education is an important investment. At Drexel we are committed to providing you with information and resources to help you with the cost of a college education. The first step toward receiving financial aid is to complete the Free Application for Federal Student Aid (FAFSA) available online at [www.fafsa.gov](http://www.fafsa.gov) beginning January 1. Freshmen starting college the following fall should submit it by February 15 for maximum financial aid consideration. Drexel uses the information provided on the FAFSA to award need-based grants and scholarships.

To learn more about financing options, visit [www.drexel.edu/financialaid](http://www.drexel.edu/financialaid). To contact a representative from Drexel's Student Resource Center/Financial Aid office, visit <http://ask.drexel.edu>.
