**COURSE REQUIREMENTS & POLICIES:**

**1) Attendance Policy:**

Attendance is mandatory. Students are allowed to miss **no more than four classes** during the term. Students who exceed the maximum number of allowable absences will not be scheduled for a final oral exam and consequently will fail the course.

## 2) Drop & Withdraw Policy:

**Drexel University allows students to drop a course through the end of the second week and withdraw through the end of the sixth week of the term.** This means that you will not be allowed to withdraw from a course, even if you are failing, after the sixth week. The number of times you have already been absent, the status of your lab hours, the result of your midterm testing, and your weekly evaluations are the best guide to decide whether you should drop the course.

## 3) Cyberspace Lab:

Arabic 201 students are required to go to work on their listening and reading skills with the material provided on their WebCT site for Arabic 201. Students need to spend 10 hours per term on the activities assigned in cyberspace. WebCT can be accessed through BbVista at Drexel or on DrexelOne by clicking on "My Courses".

Your instructor will check cyber space hours during the third, fifth and eighth week of the term. All students must complete their WebCT requirement in order to be eligible for the final exam.

**WebCT hours are to be completed by 5pm on the Friday *before* final exams.**

## 4) Final exam and grade:

**Your entire grade will be determined by your final oral exam .** This exam is given on either Friday, Saturday or Sunday before finals week (before the rest of the University begins final exams) by the University's outside examiner. If a student fails to show up at their appointed time they risk not being able to take a final oral exam.

• *Except under highly unusual circumstances students who exceed the maximum number of allowable absences and/or who fail to complete their lab hours are **not permitted** to take the final oral. Remember, the final oral exam constitutes the entire grade for the course.*

**ACADEMIC INTEGRITY:** See the Drexel Student Handbook for Academic Dishonesty.

## HOW TO DO WELL IN THE CLASS:

- **Prepare for active participation.** Complete homework assignments before class and participate in class discussions and drills. You will also benefit from listening to other individuals/groups, especially during class drills making up dialogues and sentences.
- **Once is not enough.** Repeat an activity as many times as needed to be able to produce a sound, or write a letter or word easily. Also, attend the lab as many times as you can.
- **Study out loud.** It trains your brain and your mouth to speak the language as you study your lessons; thinking about it is not enough.
- **Learn to guess.** The meaning of many words can be guessed from the context. One can significantly enrich his/her vocabulary by learning to guess the meanings of certain words from the context in which they appear in the text. Words that are guessed correctly are usually remembered well.
