The Independence Blue Cross medical contract is a so called “experience-rated” contract, such that the premium costs are affected by, among other things, the number and size of claims. Of the total insurance premiums paid for the plan year ending December 31, 2010, the premium paid under this “experience-rated” contract was \$8,152,612 and the total of all benefit claims paid under the experience-rated contract during the plan year was \$16,484,203.

Because all components of the plan are unfunded and insured, the plan did not have any reportable plan assets and did not earn any income during the plan year.
