Setting up Default Routing

Once default routing is set up for a particular category, you will not have to set routing up for each individual EPAF within that category.

Step 1: Log in to DrexelOne (http://one.drexel.edu/cp/home/loginf).

Step 2: Select Employees tab.

Step 3: Under Payroll section, select More BannerWeb Employee Services.

Step 4: Select Electronic Personnel Action Forms.

Step 5: Select EPAF Originator Summary.

Step 6: Select Default Routing Queue.

Step 8: Set up the routing levels. There are pre-set approval levels and required actions that correspond to each individual Approval Category, which will default into the routing fields when you select the Approval Category and select Go. Simply input the User ID for the appropriate levels if you would like to use the default levels. If you would like to add approvers to the default levels, please use the following steps:

Sub Step 1: Select the user level for the appropriate level of the routing.

Sub Step 2: Enter User ID for approval levels under the User Name field. If you don't know the User Names for your approvers, use the magnifying glass to search for them.

Sub Step 3: Select drop down menu under Required Action to change these defaults. **Grant funded positions must include PI and GRANTS in the routing.** The following are standard approval levels for routing:
