

ENTREPRENEURSHIP

The entrepreneurship major is for students who want to start their own ventures, work for start-up companies or serve as consultants. Learn how to apply innovative thinking to more traditional jobs within larger organizations.

The recommended plan of study includes classes in communications, psychology, analytical thinking and organizational behavior, in addition to economics, accounting, finance, business law and more.

Students wanting specific information about the concentration are encouraged to stop by the department office at Gerri C. LeBow Hall, call the department at 215.895.6287, or visit their website at lebow.drexel.edu/academics/programs/undergraduate/degrees/business-administration/plan-study/entrepreneurship.
