College of Media Arts & Design

RULES OF ENTRY

Applicants must submit their portfolio online at:
[HTTPS://DREXELPHOTO.SLIDEROOM.COM](https://drexelphoto.slideroom.com)

Deadline for entry is November 26, 2014.

Artists must be a high school student.

Applicants may upload 1-3 images (jpg). For good quality and fast uploads, image files should be sized no larger than 1280 px @ 72dpi. The slide room portal offers additional instructions for submitting work and helping new applicants get started. For technical assistance, access the help desk at <http://slideroom.zendesk.com>.

There is a non-refundable processing fee of \$20.00 payable online. Schools and groups interested in **group payment options**, please contact: drexelphoto@drexel.edu no later than November 13, 2014.

Each artist warrants that he/she has obtained all necessary releases from models and other subjects featured in photographs selected for exhibition.

Artists agree to let Drexel University Photography Program use submitted images for promotional materials. Accepted artists may be asked for a higher resolution file than originally submitted.

Submission of an entry to this competition implies acceptance of all the concerns here stated.

The Butterfly that Told Me So by Karina Filipovich 2013 Second Place Winner

Headdress by Adam Forrester 2013 Third Place Winner

ANTOINETTE WESTPHAL COLLEGE OF MEDIA ARTS & DESIGN

The path to success in design begins at Antoinette Westphal College of Media Arts & Design.

Today's design, media and performing arts are enormously competitive and rapidly changing industries. Drexel University's Westphal College offers a unique approach that prepares you to succeed in these creative and challenging fields.

We do this through focused programs that empower students to learn by doing. We teach in small studio settings. Our faculty is recognized for their wealth of industry experience and their passion and commitment to teaching. In short, we teach creative students creative disciplines in creative ways.

Photography program philosophy

The Drexel University Photography program teaches students how to develop a unique photographic vision using a combination of aesthetics and technology. Using both applied and theoretical teaching methods and blending traditional processes with current digital technologies, the photography curriculum provides aspiring photographers with the breadth of experience and knowledge required to succeed in today's marketplace. The photography foundation courses are the same for each student until their third year, at which point they design a custom path of study that culminates in their senior thesis portfolio. Our alumni's achievements reflect

the diversity built into our program. They own successful photography studios, teach in high school and college programs, serve as curators, work as magazine photo editors and operate their own digital illustration firms.
