

# THE DREXEL PROMISE

## Providing Local Community College Students a Pathway to a Private Education

Drexel is proud to serve as an anchor institution in Philadelphia, holding a strong and consequential connection to our surrounding communities and focusing on developing programs that will create a brighter future for students in our area. The Drexel Promise provides students who have earned an associate degree at an accredited community college in either Pennsylvania or New Jersey with a renewable scholarship for 50% of the cost of tuition as they work to complete their bachelor's degree as a Drexel Dragon.
